## River and Mercantile Emerging Market ILC Equity Fund PB GBP, a Share Class of River and Mercantile Emerging Market ILC Equity Fund

Management Company  
ISIN

MultiConcept Fund Management S.A., Luxembourg  
LU2181281739

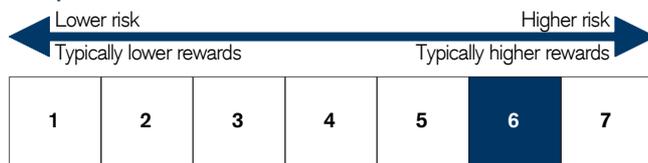

### Objectives and investment policy

The Fund uses the MSCI Emerging Markets Index as a comparator benchmark to compare performance. The Fund is actively managed and is not constrained by any benchmark. The Fund is aiming to achieve a capital growth in US dollar currency by investing at least two-thirds of its assets in equities and equity-type securities of companies which are domiciled in emerging countries worldwide or conduct the majority of their business activities there. The stock selection is based on the Industrial Life Cycle (ILC) strategy. The ILC process segments the

universe of investable companies according to their life cycle stage and evaluates them accordingly. The Fund may use derivatives to achieve the above aims. The investor can buy or sell shares of the Fund on a daily basis, as further defined in the prospectus. This Share Class does not make distributions. The Fund shall bear the costs of standard brokerage and bank charges incurred by the Fund through securities transactions in relation to the portfolio. These charges are not included in the "Charges" section of this document.

### Risk and reward profile

#### Risk profile

The Fund's risk and reward profile shows the variations in value an investment in this Fund would have undergone over the past five years, whereby simulated performance data is used in the case of missing history. The Fund's risk rating may change in the future. Please note, higher possible gains generally also mean higher possible losses. The lowest risk category does not mean that the Fund is risk free.

#### Why is the Fund in the specific category?

Amongst other, equity prices mainly reflect the expected prospects of firms, as estimated by market participants. Expectations tend to fluctuate more strongly in times of higher uncertainty. The Fund may have a low degree of issuer diversification which makes it more vulnerable. The Fund's application of Swing Pricing also impacts its risk and reward profile.

#### Are there any other particular risks?

The Fund's risk and reward profile does not reflect the risk inherent in future circumstances that differ from what the Fund has experienced in the recent past. This includes the following events which are rare but can have a large impact.

- **Credit risk:** Issuers of assets held by the Fund may not pay income or repay capital when due. The Fund's investments have low credit risk.
- **Liquidity risk:** Assets cannot necessarily be sold at limited cost in an adequately short timeframe. The Fund's investments may be prone to limited liquidity. The Fund will endeavor to mitigate this risk by various measures.
- **Counterparty risk:** Bankruptcy or insolvency of the Fund's derivative counterparties may lead to payment or delivery default.
- **Operational risk:** Deficient processes, technical failures or catastrophic events may cause losses.
- **Political and Legal risks:** Investments are exposed to changes of rules and standards applied by a specific country. This includes restrictions on currency convertibility, the imposing of taxes or controls on transactions, the limitations of property rights or other legal risks. Investments in less developed financial markets may expose the Fund to increased operational, legal and political risk.

### Charges

One-off charges taken before or after the investment	
Entry charge	Not applicable
Exit charge	Not applicable
Switch charge	Not applicable
This is the maximum amount that may be deducted from the investor's money before it is invested or before the proceeds of the investment are paid out.	
Charges debited to the Fund over a year	
Ongoing charge	0.85%
Charges debited to the Fund under certain specific conditions	
Performance fee	Not applicable

Charges debited to investors are used to pay for the cost of running the Fund, including marketing and distribution costs. These charges reduce the potential growth of the investment.

The **entry** and **exit charges** shown are the maximum figures that can be charged to the investor. Investors may obtain the fees effectively applied from their individual financial adviser or distributor.

For a maximum of 12 months from September 15, 2020, the **ongoing charges** figure is based on estimated expenses. From September 2021, the ongoing charges figure is based on last year's expenses for the year ending September 2021. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling shares/units in another collective investment undertaking.

The single swing pricing method (SSP) is used to determine the issue and redemption price of the Fund. For further information about the implication of SSP, investors should refer to the relevant chapter "Net Asset Value" of the prospectus, which is available at <https://www.credit-suisse.com/microsites/multiconcept/en.htm>.
