

This document provides key investor information about this fund ("Fund"). It is not marketing material. The information is required by law to help investors understand the nature and the risks of investing in this Fund. Investors are advised to read it so to make an informed decision about whether to invest.

River and Mercantile Emerging Market Opportunities ILC Equity Fund EB USD, a Share Class of River and Mercantile Emerging Market Opportunities ILC Equity Fund

Management Company
ISIN

MultiConcept Fund Management S.A., Luxembourg
LU1043177150

Objectives and investment policy

The Fund uses the MSCI Emerging Markets Small Cap Index as a comparator benchmark to compare performance. The Fund is actively managed and is not constrained by any benchmark. The Fund is aiming to achieve a capital growth over a long-term period by investing mainly in equities and equity-type securities issued by small and medium sized companies that have their registered office in emerging Markets countries worldwide, or by companies that have their registered office in another country but conduct the majority of their business activities there or by holding companies that mainly hold participations in emerging

Markets countries. The stock selection is based on the Industrial Life Cycle (ILC) process. The ILC process segments the universe of investable companies according to their life cycle stage and evaluates them accordingly. The investor can buy or sell shares of the Fund on a daily basis, as further defined in the prospectus. This Share Class does not make distributions. The Fund shall bear the costs of standard brokerage and bank charges incurred by the Fund through securities transactions in relation to the portfolio. These charges are not included in the "Charges" section of this document.

Risk and reward profile

Risk profile

The Fund's risk and reward profile shows the variations in value an investment in this Fund would have undergone over the past five years, whereby simulated performance data is used in the case of missing history. The Fund's risk rating may change in the future. Please note, higher possible gains generally also mean higher possible losses. The lowest risk category does not mean that the Fund is risk free.

Why is the Fund in the specific category?

Amongst other, equity prices mainly reflect the expected prospects of firms, as estimated by market participants. Expectations tend to fluctuate more strongly in times of higher uncertainty. The Fund may have a low degree of issuer

diversification which makes it more vulnerable. The Fund's application of Swing Pricing also impacts its risk and reward profile.

Are there any other particular risks?

The Fund's risk and reward profile does not reflect the risk inherent in future circumstances that differ from what the Fund has experienced in the recent past. This includes the following events which are rare but can have a large impact.

- **Liquidity risk:** Assets cannot necessarily be sold at limited cost in an adequately short timeframe. The Fund's investments may be prone to limited liquidity. The Fund will endeavor to mitigate this risk by various measures.
- **Operational risk:** Deficient processes, technical failures or catastrophic events may cause losses.
- **Political and Legal risks:** Investments are exposed to changes of rules and standards applied by a specific country. This includes restrictions on currency convertibility, the imposing of taxes or controls on transactions, the limitations of property rights or other legal risks. Investments in less developed financial markets may expose the Fund to increased operational, legal and political risk.

Charges

| One-off charges taken before or after the investment | |
|--|----------------|
| Entry charge | 3.00% |
| Exit charge | Not applicable |
| Switch charge | Not applicable |
| This is the maximum amount that may be deducted from the investor's money before it is invested or before the proceeds of the investment are paid out. | |
| Charges debited to the Fund over a year | |
| Ongoing charge | 1.26% |
| Charges debited to the Fund under certain specific conditions | |
| Performance fee | Not applicable |

Charges debited to investors are used to pay for the cost of running the Fund, including marketing and distribution costs. These charges reduce the potential growth of the investment.

The **entry** and **exit charges** shown are the maximum figures that can be charged to the investor. Investors may obtain the fees effectively applied from their individual financial adviser or distributor.

The **ongoing charges** figure is based on last year's expenses for the year ending September 30, 2019. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling shares/units in another collective investment undertaking.

The single swing pricing method (SSP) is used to determine the issue and redemption price of the Fund. For further information about the implication of SSP, investors should refer to the relevant chapter "Net Asset Value" of the prospectus, which is available at <https://www.credit-suisse.com/microsites/multiconcept/en.htm>.
