# **VOTING & COMPANY ENGAGEMENT REPORT**

**Quarter 3**

**1<sup>st</sup> July – 30<sup>th</sup> September 2021**

## **Introduction**

River and Mercantile Asset Management LLP (RAMAM) is UK based, long-only active equities manager specialising in the management of Global, European and UK equity portfolios on behalf of institutional clients.

As an active equity manager, we believe that we are not only the stewards of the assets entrusted to us by our clients, but that we also have a fiduciary responsibility to improve the management of companies for all stakeholders, whilst not compromising our objective of achieving strong financial returns. We further believe the best process for improving the management of companies is through engagement and investor peer group pressure. Where we are amongst the largest shareholders in a company, we can exert more influence through engagement with the company's management, otherwise voting at annual and extraordinary general meetings is our most effective way of encouraging change.

We regard voting at company general meetings as an important aspect in improving the stewardship of a company in the interests of all stakeholders. We view voting as a core underpin of engagement and it is a keyway we act as an active owner. The fundamental principles of our voting policy are included in the River & Mercantile Asset Management LLP Corporate Governance Voting & Engagement Policy, available on our website.

We use a third party, Institutional Shareholder Services (ISS), to implement our voting policy, overriding their recommended action when it differs from our view on the standards for good corporate governance and management of environmental and social issues.

In this Report we outline our voting and engagement activity during Quarter 3 2021 across all equity strategies. The information contained covers all company meetings, including annual general meetings and extraordinary general meetings that we voted at globally and those companies which we engaged with on topics related to governance, environmental or social issues. The voting activity summary on page 3 covers the respective sub-funds of the ES River & Mercantile ICVC Funds managed by RAMAM. This is also representative of how we voted on behalf of our segregated clients that follow the same UK and Global equity strategies.
